EHG E-Business

Your benefit: Save time using EHG Calculator and EHG Webshop. Round the clock.

Simply said, you have more time for other important things. Not only is it easy and fast to choose the products you want including EHG additional processing, but you can also calculate your requirements immediately based on your individual up to date prices. This provides you with a quick summary of items, prices, additional processing, and availability so that you can provide prompt information to your customers. Our integrated online shop makes it even easier to order immediately. Take advantage of these benefits and increase the efficiency of your office time consuming everyday tasks.

Ask for your personal password today at dornbirn@ehg-stahl.com and profit from the latest technology!

Do you have costly stock items or additional-processing areas that take up production space?

It does not have to be like that! Concentrate on your core competence! Leave your steel and metal management up to the experts.

By outsourcing with EHG Complete you profit immediately in several different ways:

- **Flexibility**
- **Disposal security**
- **Improvement in efficiency**
- **Quality intensification**
- **Economic benefits**

THE BENEFITS:

- Immediate overview of 15,000 articles in over 120 different grades.
- Variable selection of delivery dates ensuring delivery on time.
- Contact us today and profit from your individual purchase prices: www.ehg-steel.com

We supply steel and metal. And we deliver solutions.

EHG is the leading steel and metal supplier in German-speaking Europe. We are much more than just a supplier, with an impressive product range, a reliable and flexible service, and state-of-the-art technologies. To ensure a smooth flow of goods, we have our own logistics department.

Our customers benefit daily from our fast, reliable and flexible service. We use the latest technical equipment to guarantee precision service and sophisticated logistics.

With regards to logistics, we let the numbers talk for themselves. The EHG fleet of 30 trucks delivers 500 tons of material to our customers, every day and in time. And all our customers benefit from the highest delivery standards.

Even when the deadlines are very tight, there’s no danger of you having to stop – we keep you reliably supplied with steel and metals.

EHG STEEL METAL
We deliver what you need.
