

## We deliver solutions straight from our 35,000 tons of stock. Summary of EHG services.

### We supply steel and metal. And we deliver solutions.

EHG is the leading steel and metal trading company in the German-speaking countries.

As a full-service provider with 35,000 tonnes and over 15,000 articles available in over 120 quality grades, we offer one of the bestsorted stockholdings in Central Europe.

EHG customers benefit on a daily basis from our rapid, reliable and highly flexible services. Genuine competitive advantages are also provided by high-precision machining in our state-of-the-art sawing and cutting centres and thanks to our sophisticated EHG distribution system.

### » EHG Sales Areas

Locations with excellent potential. The EHG Group has eight locations in Austria, Germany, Switzerland and Romania as well as an additional sawing center located in Göppingen, near Stuttgart (Germany).

### E-business with the EHG Webshop.

The EHG Webshop achieves greater efficiency in material procurement while reducing costs and complexity. Quality assurance via ISO certification provides additional assurance for EHG customers.

### THE EHG GROUP:

- \_8 locations in Germany, Austria, Switzerland and Romania
- \_Some 250 employees
- \_35,000 tonnes of steel and metal constantly in stock
- \_15,000 articles
- \_More than 120 different grades
- \_Fleet of 30 trucks

These locations help us to be close to our customers and strengthens our performance as well as flexibility. We have the capacity to meet tomorrow's needs today.

#### elivery with own EHG vehicle fleet:

Vorarlberg, Tirol, Upper Austria Southern Germany Eastern Switzerland South Tyrol **Delivery by carrier** \_Eastern Austria \_Switzerland \_CEE

### **» Our Stock**

## 35,000 tons, over 15,000 articles, in over 120 different grades. And increasing.

For our complete product range, please refer to the EHG Webshop at our website www.ehg-steel.com

### **EHG Digital**

### Save time with the EHG Webshop. 24 hours a day.

### Simply said, you have more time for other important things!

Not only is it easy and fast to choose in the EHG Webshop the products you want including EHG additional processing; but you can also calculate your requirements immediately based on your individual up to date prices. This provides you with a quick summary

### THE BENEFITS:

- Immediate overview of over 15,000 articles and 120 various grades.
- \_Individual up-to-date purchase prices for registered users.
- \_Simple, quick search for articles, 24 hours a day and seven days a week.
- \_The latest information about availability, lengths, machining and delivery deadlines.
- The EHG Webshop enables you to individually calculate the latest purchase prices including processing costs.
- Direct ordering of the calculation in the EHG Online Shop.

of dimensions, prices, additional processing, and availability so that you can provide prompt information to your customers and order online immediately if required. Our integrated online shop makes it easy to order immediately. Take advantage of these benefits and increase the efficiency of your often time consuming everyday tasks.

- Own search/download of inspection certificates.
- \_Flexible setting of delivery deadlines ensures supply according to needs.

Register today and benefit from your individual purchase prices: www.ehg-steel.com

### » EHG Outsourcing

### Cut your costs-and increase your potential profits at the same time. Use EHG Complete.

Do you have costly stock items or additionalprocessing areas that take up production space?

It does not have to be like that! Concentrate on your core competence! Leave your steel and metal management up to the experts. EHG.

By outsourcing with EHG Complete you profit immediately in several different ways:

- \_Flexibility
- Disposition security
- \_Improvement in efficiency
- \_Quality intensification
- \_Economic benefits

# Higher quality thanks to cutting-edge technology.

Additional processing at the highest level is a core competence of EHG. With the know-how of our experienced staff, we can meet customer`s requirements accurately and reliably. Over three million saw cuts per annum are clear proof of satisfied customers.

Long products / tubes / hollow sections	Flat products		
Sawing	Panel saw cuttings		
DIM 6-860 mm dia. round bar	Flame cutting		
Flat 10 x 3 mm to 1000 x 800 mm	Plasma cutting		
Square bar/tubes 8 x 8 mm to 800 x 800 mm	Laser cutting		
Mitre cuts	Cutting longitudinally and transversely		
Deburring	Edging		
Tube laser cutting	Stress relieving		
Vibratory (barrel) finishing (Trowalising)	Fine levelling, levelling		
Shotblasting and conservation	Drilling, milling, rough machining		
Washing	Surface treatments		
Centring			
Bending			
Quality assurance (optional)	NEW!		
Mobile spectral analysis, ultrasonic testing, re-stamp	bing Aluminum		
TECHNICAL EQUIPMENT	Steel pla custom o		

- \_31 automatic band and circular saws
- \_1 aluminum-panel saw
- \_3 steel-panel saws
- \_6 fully automatated high-bay warehouse systems
- \_2 fully automated sawing centers
- \_1 fully automated blasting and conservation system
- \_1 tumble belt shot blast machine

and te

- \_1 Trowaliser/Barrel finishing System
- \_1 automatic washing system
- \_5 automatic bending machines
- \_5 bar cutting machines
- \_5 mesh cutting and bending systems
- \_25 highly modern crane systems

### » Logistics

### We deliver what you need.

With regards to logistics, we let the numbers speak for themselves. The EHG fleet of 30 trucks delivers 500 tons of material to their destinations, everyday, on time and reliably. Our customers benefit from the highest delivery standards.

Even when the deadlines are very tight, there's no danger of you having to stop – we keep you reliably supplied with steel and metals. For the EHG delivery plan, please refer to: www.ehg-steel.com/logistics

#### 500 TONS ON 30 TRUCKS - EVERY DAY:

- \_Sophisticated sales organisation
- \_Our own fleet of 30 EHG trucks
- \_Fixed delivery route times
- \_Extra deliveries as required
- \_Deadlines to suit individual customers
- \_Reliable and on time
